

### Specifications

Mounting height:	4000mm
Pole material	Hot galvanized steel
Solar Panel:	70 watts high efficiency mono-crystalline panel
Controller:	Smart controller with remote control
Battery type:	80 Ah Gel Battery, solar configuration
LED power:	18 watts with direction lens
Back up:	4 days back up, smart mode 6 days
CCT (k):	6500 K
Working temperature:	-10°C to +65°C
Space between lights	12 to 17 meters
